

SacMoves Coalition Agenda  
February 7, 2020

1. Discuss and approve coalition redline of attached STA Ordinance. This redline is consistent with our coalition Policy Framework filed back in December. The redlline incorporates our key principles and policies into the STA ordinance and expenditure plan, including our proposed allocations. One of the key areas that still needs some discussion and revision is the Complete Streets section, and in particular, how it ties into allocations to local governments for local streets, ADA transition, bike and ped master plans, etc.
2. Preparation for Th, 2/13 STA hearing and proposed alternative plans.
3. Updates on assigned STA Board briefings, community outreach, social media, etc.
