

Agenda 2023-05-19, 10:00AM via Zoom
SacMoves Coalition
Facilitator: Dan Allison

Reminder: If you are representing a member organization, please add that to your Zoom name.

Agenda:

1. SacMoves had a great strategic planning meeting in March. However, since that time, motivation and participation seems to have dropped off. The three committees to be formed have not been. Several of our active members have been very busy with May Is Bike Month and other commitments. There are two major initiatives outside SacMoves about transportation funding, which have captured some of our members time. Where does this leave SacMoves? Do we continue to play the key role we defined, or drop to a lower level?
We will hear from organizational representatives first, and individuals if time allows. (25 min, Dan)
2. Next facilitator: We determined that we would like meeting facilitators to serve for six-months. Deb Banks has completed her six months, thank you. David will facilitate June. We need a facilitator for July-December. The person works with the Process Committee to develop agenda, facilitates meetings, and represents the coalition when needed. Who will our next facilitator be? (10 min, David)
3. Updates:
 - a. Citizens initiative effort led by SMART/Steve Cohn (5 min, David)
 - b. Agenda measure effort led by SacTA (5 min, Kevin Bewsey)
 - c. Other (as time allows): ECOS Climate Committee and Transportation Team; Sacramento Climate Coalition; 350Sacramento Climate Report Card; 2023 complete streets policy ranking gave Sacramento 78/100, draft City of Sacramento 2040 General Plan and Climate Action and Adaptation Plan; Rancho Cordova climate action plan; City of Sacramento Active Transportation Plan/Streets for People
If you wish to add an update item, please place it in the Zoom Chat.
